# THE MOKADOR PODS SYSTEM

*Innovative Technology*

## QUALITY AND TRADITION OF COFFEE

FOR THE PERFECT ESPRESSO EVERY TIME

**The Pods are the crowing achievement of Mokador and the subject of Produce Certification issued by Bureau Veritas in 2002 which guarantees:**

- Packaging parameters (in a controlled atmosphere, in individual doses, with the right dosage, the right grind and pressure).
- Consistency and freshness of the product (the coffee's aromas are as fresh as if just roasted).

**The personalized, exclusive Mokador pod system is designed to offer a high quality Italian espresso with the application of technology that guarantees many advantages:**

- A simple, easy to use system.
- Every cup is perfect - an espresso at home or in the office that tastes the same as in a caffè.
- No waste, minimum maintenance.

**The machines of the Mokador pod system are designed to ensure:**

- The proper adjustment of the water temperature.
- Dispensing pressure ensures perfect dispensing.
- Mokador pods are the perfect choice for those who respect the environment because they have ecological, biodegradable paper filters, completely recyclable.

ALL MOKADOR  
PODS ARE  
AVAILABLE IN  
BOTH MOKADOR  
AND ESE SIZE

---

## Certifications

---

### BUREAU VERITAS 46/002 CERTIFICATION FOR COFFEE PODS

---

#### Certification of the blend of coffee in pods was obtained for the following points:

Air cooling. Through this process the aromas in the bean are fixed as soon as it is roasted, through a ventilation system of forced natural air.

Control of residual oxygen in the pod on packing and 2 weeks after packing. This is the control system to ensure the best preservation of the aromas and perfumes of the freshly ground coffee over time, guaranteeing freshness and a constant result in the cup.

Controlled degree of pressing on packing, because the right dose and pressure ensure a coffee that is constant, one pod after the other.

---

#### Kosher certification

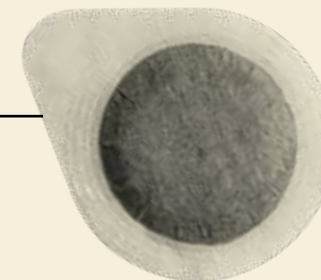

The company has obtained Kosher Certification for the coffee produced on the Mokador premises.

# MOKADOR FOR THE ENVIRONMENT

## Certifications

### DIN CERTCO Certification

In September 2019, Mokador has received the international **DIN CERTCO Certification**, a recognition that attests the compostability of Mokador coffee pods in all the formats. This is a great achievement for the company. In fact, only companies that have a compostability certification can really declare that their pod is 100% compostable.

compostable  
7P0843

### 100% Certified Green Energy

In September 2019, Mokador has received the **100% CERTIFIED GREEN ENERGY Certificate**, which shows that the energy coming from outside (about the 75% of the total energy used inside of Mokador's factories), comes from renewable sources, good for environmental sustainability. The remaining 25% of the energy used instead self-produced through the photovoltaic panels installed since 2010 and located on both Mokador's factories.

## THE COFFEE

### The range

#### A WIDE AND RICH RANGE OF SOUGHT-AFTER BLENDS OF ESPRESSO COFFEE

##### AROMA TOP *Aromatic and smooth*

A blend of sought-after Arabica and Robusta with a sweet, aromatic flavour. In the cup, it is notable for the even texture and the hazelnut colour of the froth.

AROMA 5 BODY 4 TASTE 5 INTENSITY 5

##### CREMA *Full and rounded*

A sharp blend of Arabica with full-bodied flavour. In the cup, it is notable for the thick texture and the intense brown colour.

AROMA 4 BODY 5 TASTE 4 INTENSITY 3

##### PIÙ CREMA *Strong and decisive*

A blend of sought-after varieties of Robusta from the best plantations of Asia and Africa, with an intense, roasted aroma. In the cup, it is recognisable for its thick texture and its intense brown colour.

AROMA 3 BODY 5 TASTE 4 INTENSITY 3

##### 100% ARABICA *Sweet and aromatic*

A blend of sought-after varieties of Arabica coffee from the best plantations of Central and Southern America. The taste is sweet and rich. The texture is silky and the colour of the froth is golden.

AROMA 5 BODY 3 TASTE 5 INTENSITY 5

##### BIG CUP *Soft and scented*

A blend of Arabica and Robusta, with a soft, aromatic taste. For those who like more coffee than the traditional espresso. In the cup, it is notable for the even texture and the light hazelnut colour.

AROMA 4 BODY 3 TASTE 4 INTENSITY 4

##### DECAFFEINATO *Light and aromatic*

A blend of Arabica and Robusta, decaffeinated using the traditional method (caffeine content below 0.1%). Total absence of substances other than natural coffee. Thick, even texture, hazelnut-coloured froth.

AROMA 4 BODY 3 TASTE 4 INTENSITY 4

AVAILABLE IN PACKETS 20 PODS OR IN A PACKET 50 PODS  
(MOKADOR SALES UNIT OF 200 PODS)

## THE DRINKS

---

---

### The range

PERFECT FOR SATISFYING DIFFERENT TASTES AT ANY TIME OF THE DAY

#### WILD BERRIES

*Aromatic and tasty*

An excellent, fresh tea rich in vitamins. Scented with rose hips, elderberry and spicy from the sambuca and orange.

#### CEYLON TEA

*Aromatic and sharp*

Tea from Ceylon with an aromatic, persistent and intense taste, amber in colour. Perfect at breakfast time, with lemon or milk, thanks to its strong colour.

#### AROMATIC HERBAL TEA

*Detoxifying and relaxing*

This tea has great beneficial effects due to the detoxifying and relaxing properties of fennel and mint, mixed with liquorice and hibiscus for refreshment and as an aid to the digestion, giving a deep sense of lightness. Sweet orange and aniseed add to the intense aroma.

#### ORZO

*Light and natural*

High quality raw material. Light, creamy taste as served at the bar. Perfect for children and drinking in large cups.

AVAILABLE IN 25 PODS  
PACKETS (MOKADOR  
SALES UNIT OF 200 PODS)

## PODS MACHINE

XELLE

CAPITAL IN PERFORMANCES

**Xelle is a coffee pod machine perfect for offices and meeting rooms.**

The machine is able to offer a large amount of perfect espresso, with a low maintenance for the final customer.

The use of an eco-friendly paper filter pod turns it into the ideal machine for all those people who would like to taste a quality coffee with a low environmental impact.

WIDTH	CM	21
HEIGHT	CM	32
DEPTH	CM	32
WEIGHT	KG	7,3

SUPPLY	220-240V/50-60 HZ
POWER	450 W

### TECHNICAL FEATURES

Retro design that recalls the first lever espresso machines.

Easy to use: just put the pods into special space and start the extraction.

Optimized dimensions.

100% Made in Italy.

Designed to offer a perfect Italian espresso.

Reliable and robust.

Very rapid heating of the delivery system.

Elle

HIGH PERFORMANCE IN A SMALL SIZE

Elle is a coffee pod machine with decidedly superior performances and of such concentrated dimensions that it is perfect in any environment.

Its main feature is the capacity to deliver a perfect café-style coffee, thanks to performances designed in the minimal details by the Mokador research department.

The use of eco-compatible filter paper pods make it the perfect machine for those who want the best coffee with minimum environmental impact.

WIDTH	CM	17,5
HEIGHT	CM	30
DEPTH	CM	33
WEIGHT	KG	4

SUPPLY	230V/50HZ
POWER	450 W

### TECHNICAL FEATURES

Retro design that recalls the earliest lever action espresso machines.

User friendly: just insert the pod into its space and start delivery.

Compact so it occupies little space.

100% Made in Italy.

Designed to deliver a perfect Italian espresso.

Highly reliable and touch.

Very rapid heating of the delivery system.

JOY

QUALITY AND EXCELLENCE

Joy is a high-performing, smart and easy to use machine. 100% made in Italy, it has a simply but elegant design, perfect for any place.

Equipped with brass components and a modern system called "deconto system" with programmable cards if needed.

The use of the compostable paper filter pods turns this machine in the ideal one for all those consumers that would like to taste a high-quality coffee while respecting the environment.grammabili a richiesta.

WIDTH	CM	14
HEIGHT	CM	30
